

AGN. NO. \_\_\_\_\_

MOTION BY SUPERVISOR ZEV YAROSLAVSKY

September 8, 2009

Building on its proud heritage of community service, UCLA has created Volunteer Day, the largest community participation project in the university's history, and by most estimates the largest single-day volunteer event ever held by an educational institution.

UCLA will be partnering with State Parks to perform a restoration project as part of its Volunteer Day on September 22, 2009 at Point Dume Beach. The project will include trail restoration, trimming, non-native plant removal, painting and beautification of the State operated portion of Point Dume.

**I, THEREFORE, MOVE** that the Board of Supervisors waive parking fees estimated at \$420.00 for bus parking at a beach parking lot operated by the Department of Beaches and Harbors on September 22, 2009 for UCLA's Volunteer Day and direct any correspondence related to this matter to:
